

HELPING ENGINEERS DESIGN WITH CONFIDENCE SINCE 1973

LINE CARD 2026

MILITARY & SPACE

MEDICAL

INDUSTRIAL

EDGE AI

Varigon Inc. is a leading manufacturer's representative firm specializing in space, mil/aero, medical, and commercial verticals, with global OEM & ODM contract manufacturing through trusted partners across the USA, Mexico, Europe, and Asia.

VIDEO & COMPUTING

SONY

Block cameras, ALPHA series, Lidar, and machine vision for industrial, drone, and security markets.

a value
Technology Inc.

Embedded computing, all-in-one systems, and ODM solutions for industrial and commercial needs.

AUO

Long-life LCD panels for industrial, medical, and commercial use.

mercury

Military-grade and Rad-Tolerant DDR, data recorders, and RF SiPs.

Lexar
ENTERPRISE

Storage and memory solutions for diverse applications.

Inventec

Global ODM for enterprise-class servers, cloud compute, and IoT products.

EFFICIENT

Energy-efficient spatial dataflow computing with the Electron E1 processor.

SiMa^{ai}

Edge AI inference SoM for real-time machine learning on embedded vision platforms.

cino

Barcode scanners (1D/2D, handheld, embedded) for industrial, medical, and commercial use.

CONTRACT MANUFACTURING

FOXCONN

Largest global EMS, from PCBA to turnkey box-build, logistics, repair, and distribution.

FOXCONN
BAJA CALIFORNIA

EMS facility in Tijuana, Mexico, specializing in medical technology manufacturing.

HANA
Microelectronics Group

Thailand-based independent EMS and OSAT provider.

POWER PRODUCTS

VPT

Chip-and-wire hybrid and discrete SMT DC/DC converters and filters for military and space.

SENSITRON
SEMICONDUCTOR

Power semiconductors, modules, controllers, and diodes for military and aerospace.

EPC-SPACE

Rad-tolerant and rad-hard GaN transistors, ICs, and modules for space applications.

VPT
COMPONENTS

Wide range of JAN–JANSR rad-hard MOSFETs, 100% manufactured in the USA.

TOTEX

Custom Li-Ion battery packs and chargers for medical, commercial, and military applications.

TADIRAN
BATTERIES

LiSOCI2 and Li-Ion batteries for industrial, wide-temp, and high-cycle applications.

MEGMEET

Standard and custom industrial and medical power supplies that meet IRA guidelines.

flex

High-efficiency, power-dense DC/DC converters for telecom, datacenter, medical, and industrial.

ENOVIX

TAA-compliant, high energy density silicon-anode Li-ion cells.

IOT & CONNECTIVITY

REALTEK

Fabless semiconductors for wireless OEMs: RF, SoM, SoC, Wi-Fi, and Bluetooth.

ALPSALPINE

Sensing devices, precision interconnect, connectivity, and communication solutions.

OLE WOLFF

Acoustic and magnetic components with unique application and design support.

SAN DIEGO

4420 Hotel Circle Ct. #160
San Diego, CA 92108
(619) 541-8222

ORANGE COUNTY

200 Newport Center Dr. #304
Newport Beach, CA 92660
(949) 720-8399

NORTHERN CALIFORNIA
